

Wangaratta's first serviced office complex was operating upstairs at **82b Ovens Street** - in the heart of the CBD - since an official opening performed by Sophie Mirabella (then Panopoulos) and Ken Jasper on Friday, June 3, 2005.

It featured:

- 8 offices
- Shared reception and secretarial facilities
- Staff room
- Meeting room
- Storage space
- Low-cost high speed internet connection

It was an ideal way to keep your office costs down. Perfect for a new business, or a home-based business looking to move to the CBD.

**Now** we have moved to much bigger, better premises and now have additional office spaces available!
